

UNDERSTANDING THE SCIENCE TO MASTER THE ART

27-30 NOVEMBER 2014. KUALA LUMPUR www.apage2014.com APAGE

BASIC LAPAROSCOPIC SUTURING WORKSHOP

COURSE DESCRIPTION

The workshop is a collaborative effort between APAGE and ISGE (International Society of Gynecologic Endoscopists). World renowned laparoscopic surgeons from the ISGE faculty will facilitate and guide the attendees. Participants will be taught step-by-step the A-Z of laparoscopic suturing.

Imperative workshop for trainees and beginners as well as surgeons in quest of perfecting their skills.

The workshop will comprise of mini lectures, demo sessions and hands-on training in small groups.

TARGET AUDIENCE

Specially designed for OBGYN fellows, residents, postgraduate students, Obstetrics & Gynaecology physicians, Gynaecologic surgeons who are interested to learn the basic principles of laparoscopic suturing; improvise and apply these skills in their practices.

PROGRAM OBJECTIVES

At the workshop, participants should be able to:

- Learn and practise laparoscopic suturing using laparoscopic trainers.
- 2 Build confidence to apply learned techniques of suturing to everyday practice in laparoscopic surgery cases.
- 3 Share views and ideas with the faculty with a variety of surgical videos to be presented.
- 4 Pickup tips and tricks for better and easier suturing techniques in gynae-endoscopy.

TENTATIVE PROGRAM

WEDNESDAY, 26TH NOVEMBER 2014.

0830-0900	Registration
0900-1030	Lecture & Demo
1030-1100	Coffee Break
1100-1300	Hands-On Session
1300-1400	Lunch
1400-1700	Hands-On Session
1700-1800	Теа

THURSDAY, 27TH NOVEMBER 2014.

0830-0900	Registration
0900-1030	Lecture & Demo
1030-1100	Coffee Break
1100-1300	Hands-On Session
1300-1400	Lunch

Please do not send cash or post-dated cheques. A receipt will be issued for all payments.

THIS INTENSIVE WORKSHOP IS LIMITED TO 26 PARTICIPANTS ONLY (2 PARTICIPANTS PER FACILITATOR).

PERIOPERATIVE NURSING SEMINAR & HANDS-ON WORKSHOP

COURSE DESCRIPTION

An educational platform for all nursing and healthcare professionals in the operating theatre for clinical and technological updates. Designed for endoscopic operating staff who desire to advance their skills, knowledge, and apply these skills in their practices. The attendees will participate in operating theatre setup & troubleshooting simulation.

National nursing experts and leaders will be invited to share their views and ideas with a variety of real-case-scenario discussions presented.

TARGET AUDIENCE

Mid-range (2-3 years experience) to advance level of nursing staff, Nursing Clinical Educators, OB/GYN Endoscopic Operating Theatre staff.

PROGRAM OBJECTIVES

At the end of the workshop, participants should be able to:

- 1 Network with peers and leaders.
- 2 Gain fresh perspectives and skills.
- 3 Have increased knowledge on minimally invasive procedures including patient management, issues on patient safety and updates on medical technology advances.
- 4 Minimize patient injury related to knowledge-deficit of equipment; a workshop session is incorporated for hands-on to allow familiarization of equipment.
- 3 The empowerment to make a difference in their own work setup.

TENTATIVE PROGRAM

THURSDAY, 27TH NOVEMBER 2014.

0000 0000 Desistantian

0830-0900	Registration
0900-0930	Opening
0930-1000	The Changing Role of Perioperative Nurses with Advances in Technology.
1000-1030	Perioperative Nursing: Training, Certification, Specialisation & Recognition.
1030-1045	Coffee Break
1045-1115	Patient Safety Management: Legal Nursing Aspect.
1115-1145	Reusing the Disposables: The Controversy & Dilemma.
1145-1215	Anaesthesia in Endoscopy
1215-1245	Covidien
1245-1400	Lunch
1400-1515	Break-Out Session 1: Operating Room MIS Setup.
1515-1630	Break-Out Session 2: Instrument Hands-On.

THE HANDS-ON WORKSHOP SEGMENT LIMITED TO 60 PARTICIPANTS ONLY,

HYSTEROSCOPIC LIVE SURGERY & HANDS-ON WORKSHOP

COURSE DESCRIPTION

The Hysteroscopic Live Surgery and Hands-On Workshop is designed to provide an in-depth review of the know-how, latest information and techniques in Gynaecologic Hysteroscopic Surgery.

Whilst laparoscopy is often described as an alternative approach (laparotomy); hysteroscopy remains a necessary or essential procedure. Nevertheless, there are not many workshops designed for clinicians and endoscopic operating staff who desire to advance their hysteroscopic skills.

The attendees will learn and practise hysteroscopic procedures using endotrainers and wet lab facilities.

World-class and nationally renowned surgeons will be invited to share their views and ideas and will guide as facilitators during the hands-on session.

TARGET AUDIENCE

Specially designed for Obstetrics & Gynaecology physicians, Gynaecologic surgeons, OBGYN fellows, residents, postgraduate students and OB/GYN endoscopic operating theatre staff.

PROGRAM OBJECTIVES

At the end of the workshop, participants should be able to:

- Select appropriate instrumentation for use in hysteroscopic surgery which will improve surgical efficiency and decrease risks of complications.
- 2 Apply appropriate energy and fluid sources which invariably will improve patient safety and outcomes.
- 3 Perform therapeutic hysteroscopic procedures and improve surgical capabilities.
- 4 Explain and inform accurately to patients/trainees of steps involved in performing hysteroscopic surgeries.

TENTATIVE PROGRAM

THURSDAY, 27TH NOVEMBER 2014.

0830-0900	Registration
0900-0930	Lecture 1
0930-1000	Lecture 2
1000-1030	Lecture 3
1030-1100	Coffee Brea
0930-1330	Live Surgery
1245-1400	Lunch

1400-1700 Hands-On Session:

- 1. Hysteroscopic Resection (Resectoscope)
- 2. Rigid Hysteroscopy
- 3. Flexible Hysteroscopy
- 4. Cold Resection of Polyp & Submucosal Myoma
- 5. Transvaginal Endoscopy

1700-1800 Tea

VENUE
